

PESU RESEARCH REVIEW

2021

**1 Data Privacy and User Consent:
An Experimental Study on Various Smartphones**

Ayushi S Mehta, Vibha Dhiraj Puthran, Prasad Honnavalli

**2 Ensure the Validity of Forensic Evidence by using
a Hash Function**

K. Aishwarya Lakshmi, Prasad B. Honnavali, S. Rajashree

**3 Automation for Furnace in Thermal Power Station
Using Public Key Cryptography**

M. Prathyusha, Padmanabha Nikitha, S. Rajashree, B. Prasad Honnavalli

**4 Contactless Transaction Using Wearable Ring
with Biometric Fingerprint Security Feature**

Amit Magdum, E. Sivaraman, Prasad B. Honnavalli

**5 A threshold-based, real-time analysis in early
detection of endpoint anomalies using SIEM expertise**

Sivaraman Eswaran, Aruna Srinivasan, Prasad Honnavalli

6

Security Model for Internet of Things

Based on Blockchain

J. T. Kruthik, K. Ramakrishnan, R. Sunitha, B. Prasad Honnavalli

7

Hybrid Home Network Intrusion Detection System

Nischal Jain, Tushar Malmalgi, Vinay Patil, Vineetha B, Prasad H B

8

Multiple Hashing Using SHA-256 and MD5

Gautham P. Reddy, Anoop Narayana, P. Karan Keerthan, B. Vineetha, Prasad Honnavalli

2020

9

A Study on Recent Trends of Consensus Algorithms for Private Blockchain Network

Prasad B. Honnavalli, Ajaykumar S. Cholin, Athul Pai, Achuta D. Anekal, Aditya D. Anekal

10

Secure Wireless Internet of Things Communication Using Virtual Private Networks

Ishaan Lodha, Lakshana Kolur, K Sree Hari, Prasad Honnavalli

11

A Feature Selection Comparative Study for Web Phishing Datasets

Suhas R. Sharma, Rahul Parthasarathy, Prasad B Honnavalli

12

Identity & Access Management System Based on Blockchain

Solaman Baby, Prof. Prasad B Honnavalli, S Rajashree S

13

Validity of Forensic Evidence using Hash Function

Pradeep K C, Rajashree Soman, Prasad Honnavalli

14

RSA Implementation on Sensor Data in Cold Storage Warehouse

Medha Nag K G, Sharvari, Vaishnavi D V, S Rajashree, Prasad B Honnavalli

PESU Center for
Information Security,
Forensics and
Cyber Resilience

PESU Center for
Internet of Things

PES
UNIVERSITY

15

Simulation of SCADA System for Advanced Metering Infrastructure in Smart Grid

Prajwal Gupta C R, Aditya Ramesh, Dandu Satvik, S Nagasundari, Prasad B Honnavalli

16

MITM Intrusion Analysis for Advanced Metering Infrastructure Communication in a Smart Grid Environment

Shreyas Kulkarni, R. K. Rahul, R. Shreyas, S. Nagasundari, Prasad B. Honnavalli

17

Performance Evaluation of Advanced Machine Learning Algorithms for Network Intrusion Detection System

Sharfuddin Khan, E. Sivaraman, Prasad B. Honnavalli

18

Augmented intelligent water drops optimisation model for virtual machine placement in cloud environment

Sivaraman Eswaran, Daniel Dominic, Jayapandian Natarajan, Prasad B. Honnavalli

19

Secure Wipe Out in BYOD Environment

Poorva Tiwari, Skanda C S, U Sanjana, Aruna S, Prasad Honnavalli

20

Dynamic Federation in Federated Identity Management

Naveen Kumar M, Suganthi S, Prasad B Honnavalli

21

Enhancement of Cloud Security Feature in OpenStack

Rithvik G, Krishna Kanth V N, Sai Mihir J, Suganthi S, Prasad B Honnavalli

22

Resume Scanning and Emotion Recognition System based on Machine Learning Algorithms

Vishruth R G, Sunitha R, Varuna K S, Varshini N, Prasad B Honnavalli

23

Smart Bot and E-commerce Approach based on Internet of Things and Block-chain Technology

Akhila Madhu, Archana K, Deeksha H Kulal, Sunitha R, Prasad B Honnavalli

PESU Center for
Information Security,
Forensics and
Cyber Resilience

PESU Center for
Internet
of Things

24 Mitigating DDoS Flooding Attacks with Dynamic Path Identifiers in Wireless Network

Rahul Raj A G R, Sunitha R., Prasad H. B

25 A System to Retrofit Existing Infrastructure to be Smart and IoT Ready

Dhanush Ravi, Chirag N Vijay, Prasad B Honnavalli, Charanraj B R

26 Farm Easy- IoT based Automated Irrigation, Monitoring and Pest Detection using ThingSpeak for Analysis of Ladies Finger Plant

Bhumika Ramesh, Divya M, Revathi G P

2019

27 Transparent Watermarking QR Code Authentication for Mobile Banking Applications

Saiteja Ityala, Oshin Sharma, Prasad B. Honnavalli

28 A Comprehensive Approach to an Internet of Things (IoT) Network: Weather Monitoring System

Rahul Parthasarathy, Suhas R. Sharma, Prasad B. Honnavalli

29 SQL Injection Attack Detection using ResNet

Sangeeta, S Nagasundari, Prasad B Honnavali

30 Predicting and Preventing Malware in Machine Learning Model

Nisha D, Sivaraman E, Prasad B Honnavalli

31 Runtime Malware Detection using hardware features

Sanjith S, Sivaraman E, Prasad B Honnavalli

2018

32 IronSense: Towards the Identification of Fake User-Profiles on Twitter Using Machine Learning

Abhishek Narayanan, Anmol Garg, Isha Arora, Tulika Sureka, Manjula Sridhar, Prasad H B
